COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm

is quickly absorbed. Gives Relief at Once.

It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

How Diptheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by Richard Gibson and W. F. Creighton & Co.

Eating Match.

Burlington, N. J., Dec. 6.—Burlington county Red Men are still talking of an eating match witnessed at a "feed" this week of braves from several near-by towns. Arthur Wilcox, of this city, was pitted against a strange brave from Delanco. Wilcox, his friends, claim, got away with 33 ham sandwiches, four dozen small picales, two pounds of cheese and 12 cups of coffee. His Delanco brother, whose name his friends refuse to make public, went Wilcox one better through the entire menu and was awarded the puree.

Alexandria Gazette AND VIRGINIA ADVERTISER

FRIDAY, EVENING, DEC. 6, 1907.

THERE was a bevy of people with unpronounceable names in the Philadelphia Police Court a few days ago. Peter Koehsreceki, John Czenweweski and Frank Markebesdicski were each held in $800 bail for assault and battery on Stanislaus Conskieczeki. The evidence was to the effect that Markebesdicski threw his arms around Miss Catharine Zepenshiksiyi at a party given at the home of John Jenieskeiski. Czenweweski came to her aid and Conskieczeski, who is a friend of Markebesdiscki, interferred. Koechareceki tried to separate Czenweweski and Conskieczeski, and in some way the latter was stabbed. Some think foreigners with such names should be compelled to change them when they take up their abode in this country.

TRAMPS, it seems, are not the only people who regard soap and water as dangerous. To the first bath since her childhood days, physicians at Bellefontaine, Ohio, ascribe the illness which ended the life of Mrs. Nancy A. Neasston, 95 years old, last Monday. She was taken to the Logan county Infirmary two weeks ago from her home in Monroe township and there was forced to plunge into a bathtub of warm water and soapsuds. She protested vainly. "I've not been in water since a child. I took my last bath in St. Mary's river and can't stand water now!" she cried. A chill came over her soon after she emerged and she took to her bed with what physicians pronounced pneumonia, dying Monday.

IF the government does not need income and inheritance taxes now it will after Congress shall begin paying the campaign expenses of the two political parties, or rather of all political parties, as the President suggests, for there could be no discrimination. The Philadelphia Record suggests that it probably would be cheaper for the country to pay the expenses of the presidential campaign than to have the republican party collect the money from the corporations and tariff beneficiaries and then pay its obligations in legislation.

A CARLOAD of Irish potatoes all the way from the State of Michigan arrived in Harrisonburg a few days ago and were sold there. The car contained 625 bushels and brought over $400. Surely it would seem that the great State of Virginia could raise enough potatoes for her people without sending 800 miles for them.

IN five months of the fiscal year the national receipts have fallen about two and a half millions below those of last year, but the expenses have increased $14,000 000. The result is that whereas one year ago there was a surplus of $15,775 516, there is now a deficit of $768,259.

From Washington

[Correspondence of the Alexandria Gazette.]

Washington, Dec. 6.

Final arrangements for the leave-taking of the battleship fleet are being made today by Rear Admiral Evans, with Secretary Metcalf and Rear Admiral Brownson, chief of the Bureau of Navigation. Tomorrow the admiral will hold a closing conference with the President. The war vessels will all be at anchor in Hampton Roads in readiness for sailing, by the 15th. The President on board the yacht Mayflower, accompanied by Secretary Metcalf and other officials, will arrive early on the morning of the 16th, at which time the signal will be given and the long journey begun. Admiral Evans will leave for Fortress Monroe on Sunday night. He will resume active command of the fleet Monday morning.

Secretary Root left Washington today for Clinton, New York, to attend the marriage of his son, Elihu jr, to Miss Alida Stryker.

The rivers and harbors congress today adopted resolutions asking Congress to appropriate, beginning with the present session, not less than $50,000,000 annually. This appropriation is urged as an investment, and the issuance of this sum in bonds, similar to Panama canal securities, is strongly recommended. Congress is also asked to enact laws making the Inland Waterways Commission recently appointed by President Roosevelt a permanent institution.

Treasury officials who are familiar with the methods of the workings of the National Bank of Commerce, which failed in Kansas City, declare that the closing of the institution was not so much due to the present general financial situation as to internal dissensions that have existed within the directorate during the last year and a half. A bitter fight has been waged between the president and cashier of the bank on one side and the stockholders, who live in St Louis, on the other.

"I cannot serve beyond my present term," said President Roosevelt today, in reply to an enthusiastic third-term speech made to him by Samuel Watts, a venerable Pennsylvanian. "You are for the poor man as well as the rich," said Mr. Watts, "and we are going to put you into the White House again whether you want to serve or not." "I'm very much pleased to hear you say that," replied the President with a smile, "and thank you for it, but I cannot serve beyond my present term.

Mrs. Roosevelt has taken up pedestrianism and bids fair to become even a greater walker than her husband. Yesterday she took a little jaunt in the northwestern suburbs, starting at about two o'clock and returning about 6, during which she covered nearly fifteen miles. Mrs. Roosevelt was accompanied on the long walk by Miss Young and one of the White House male employees as body guard.

Two big baskets filled with English pheasants were delivered at the White House today. They will aid the Alabama bear in entertaining the President's friends at the "bear dinner" at the White House this evening. The complete list of dinner guests for the function tonight is as follows: Olive and Harley Metcalf, John and Tom Osborn, John M. Parker, Major Amacker, Mr. Vesey, Surgeon General Rixey, Postmaster General Meyer, Asst. Secretary Robery Bacon of the State Department, Secretary Loeb, Gifford Pinchot, Representative Ransdell, J. M. Dickerson, Col. Cecil Lyon and Capt. Fitzhugh Lee.

With a view to handling the annual Christmas mail with the greatest possible dispatch, the Postoffice Department today forwarded a request to all the other government departments and bureaus, that, as far as possible, they delay sending out official publications until after the rush is over. Some people are not aware of the magnitude of the Christmas business handled by the Postoffice Department. The increase in fourth class packages in Washington alone is 3,000 per cent.

It is expected that Mr. John Sharp Williams will give Representative Carlin a good committee assignment. He is said to feel particularly pleased that it was a Virginian who offered the motion that almost unanimously carried, favoring the allotment of committee berths to the minority leader.

Among those who attended the meeting of the river and harbor congress was the Alexandria delegate and others from this city.

Senator Daniel has introduced a bill to pay Mary Ann Randolph Custis Lee $217,000 for stores and wood carried off during the civil war.

Rear Admiral Sebree reported to the Navy Department today the arrival of his ships, the Tennessee and Washington, at Callao, Peru, yesterday. This is their last stop before reaching Magdalena Bay early in January.

Despite reports from various sources on the Atlantic Coast, no apprehension felt at the Navy Department over the vessels of the Atlantic fleet encountering the gale which has been sweeping up the coast the past 34 hours

WORKMEN SUSPENDED IN THE AIR.

Arthur O'Donnell, of New Rochelle, N. Y., stared death in the face yesterday while for three hours firemen struggled to free him from his frail rope seat 190 feet in the air, where he hung suspended from the spire of Our Lady of Lourdes Church in Cleveland Ohio.

Finally, the firemen gouged a hole in the steeple and released the line, which had become entangled in a cornice of the church after O'Donnell had descended three feet and prevented his further descent.

He was almost frozen stiff when he attempted the descent. He had been gilding the cross on the spire and as the rope caught he jerked and pulled, only to find himself tightly held.

Patrolman Hill, far below, heard a whisper, "Send help." He gazed above, saw O'Donnell's plight, and summoned the firemen. Ladders proved unavailing, climbing was tried futily, and O'Donnell's instructions proved of no use.

Just after 5 o'clock, O'Donnell whispered: "I can't stict it out much longer." Then the firemen tore the hole in the steeple and lowad the frail seat, in which O'Donnell waved back and forth, almost unconscious. As the seat touched the earth before a crowd of thousands, O'Donnell collapsed. He was stiff from cold and seemed as one dead. Restoratives gave him speech.

SAYS SHE WAS HYPNOTIZED.

David L. Howard, claiming to be the manager of the Massapeque Real Estate Company, was arraigned before Magistrate Barlow in New York yesterday, with Miss Daisy Jones, charged with larceny of a diamond ring, worth $1,500. Each was held in $1,000 bail for a further hearing.

The complainant was Miss Dorothy De Mosi Rardin, of Norfolk. She went to New York from Washington two days ago to seek a position. Observing an advertisement inviting young women who would become real estate operators to call on Howard at his office, she responded.

Miss Rardin said in court: "He discussed business with me, and then remarked what a nice ring I had. His eyes pierced me—they were so sharp that I felt dizzy—and when he asked me to lend him the ring in order to get another like it for his fiancee I could not resist him. I know he hypnotized me. Two days later I called. He did not have the position, and I asked for my ring. He said Miss Jones had it. I went with him to Miss Jones, and she declared that she had lost it."

Miss Jones and her mother told the magistrate that Howard was a hypnotist. Miss Jones says Howard's eyes haunted her, and that she has lost the ring. She could not give any particulars.

Magistrate Barlow postponed the case until Howard and Miss Jones had time to look up Miss Rardin's ring.

THE MAURETANIA.

The Cunard liner Mauretania passed Daunts Rock at 5:49 p. m. yesterday, establishing a new trans-Atlantic record. Her time for the voyage from Sandy Hook, 4 days 22 hours and 29 minutes, beats the best time of her sister ship, the Lusitania, by 21 minutes. The difference between the old and the new record is not great, but, considering the weather conditions, the officers of the Mauretania are greatly pleased with her performance.

The distance covered was 2,807 nautical miles. The Mauretania passed Sandy Hook lightship at 2:25 p. m. Saturday, running 490 knots up to noon on Sunday. The day runs thereafter were as follows: 548, 535, 556, 554, and from noon yesterday until the passing of Daunts Rock, 124 knots, the average for the voyage being 23.69.

The vessel behaved spendidly in the fresh gale and high sea following, which she encountered on Monday and which continued until Wednesday night. Some delay was caused by hazy weather on the second and fifth days. The mails which the Mauretania was bringing for Liverpool will be delivered in time to be answered by Saturday's American-bound steamers.

News of the Day.

Several measures were introduced providing for extension of the street railway tracks to Union Station, in Washington.

The Cleveland, Ohio, Electric Railway Company, 5-cent street railway fare corporation, has surrendered to the holding plan proposal of Mayor Tom L. Johnson, after seven years of warfare.

A dispatch from Rio Janerio says the Brazilian coasting steamship Guasca has been sunk in collision with an unknown vessel off the coast of Paraguay and thirty of its passengers and crew drowned.

President Roosevelt last night directed Gen. Funston to dispatch a sufficient force of regulars to Goldfield, Nev., to control the situation there. This action was taken upon receipt of a telegraphic request from the Governor of Nevada.

Police Commissioner Bingham, of New York, announced yesterday that he not only would keep every theater closed on Sunday, but would prevent even Y. M. C. A. musicals, close the saloons, and enforce every blue law on the statute books.

The annual deluge of letters protesting against the cutting of Christmas trees is already beginning to arrive at the United States Forest Service. Statistics show that, in the cities of New York and Boston alone, 1,500,000 Christmas trees gladden the hearts of the children, and then go to the ash heap.

William H. Taft will be in Berlin just long enough tonight to attend a formal dinner at Ambassador Tower's residence. He will arrive at 7 p. m and leave at midnight for Hamburg, whence he will sail tomorrow on the steamship President Grant. It is expected he will land in New York December 15.

There will be a close scrutiny by the Senate committee on military affairs of the reason for advancing army officers to important positions over the heads of their seniors. All such cases in the batch of nearly 1,000 army nominations that have been sent to the Senate were yesterday held up in the committee for further consideration at its next meeting.

Baron Ishii in an interview in Tokio, yesterday described the existing economic conditions in America. He said that between the trusts and the labor unions the middle class of Americans and foreign laborers suffered, declaring that union labor was largely controlled by unreasoning persons, their attitude being almost that of tyrants, and they were liable to destroy anything in their way.

A dispatch from Philadelphia says the schooner Hustor, of Newport News, Va., is reported to have been sunk by the steamer Pawnee off the League Island navy yard early today. All the crew are reported safe.

THE TREASURER'S REPORT.

Secretary of the Treasury Cortelyou in his annual report called upon Congress for the speedy enactment "of wise laws for the prevention in the future of disasters due, in part at least, to the imperfect organization of our mometary system." In so doing he places upon Congress full responsibility for failure in the past to meet the demands for currency reform, and strikes back at Chairman Fowler of the House committee on banking and currency, who recently denounced Secretary Cortelyou for his issue of emergency certificates of indebtedness.

He says "I deem it important that something be done as speedily as may be consistent * * * to provide under government guaranty a greater elasticity to the currency. Simplicity of plan and promptness of action are what the people need and will demand. The only specific recommendation I would make at present is that it be given prompt attention, and that it be not laid aside until some definite means of relief shall have been enacted into law It is said that many of our people have hoarded money. This is undoubtedly true; but so have many of the banks. The Secretary of the Treasury is given wide discretion in many matters wherein he is rarely called upon to exercise it, and little, if any, in others where it is needed daily."

SHOT BY INSANE MAN.

An insane man walked into the anteroom of the executive chamber of the statehouse in Boston yesterday afternoon and, finding Governor Guild's door closed, turned on three prominent labor leaders and fired shots at them, probably fatally wounding Edward Cohen, president of the State branch of the American Federation of Labor; seriously wounding Dennis D. Driscoll, secretary of the same board, and injuring, with the muzzle of the revolver, Arthur M. Huddell, former president of the Central Labor Union of Boston. The insane man, who was John A. Steele, of Everett, and who was released on parole last month from the Danvers Insane Asylum, was overpowered by Private Secretary Groves and Gen. Whitney, chief of the State police.

Gov. Guild was in his office, only a few feet away, and, rushing out, assisted in subduing Steele.

The three labor leaders went to the State House yesterday to meet the Governor by appointment in regard to a pardon for A. M. Kennedy, who is serving a sentence in the Essex House of Correction.

Steele, who was recently released from an insane asylum, imagined he had a grievance against Governor Guild.

Cohen, died this morning from his wounds.

HORTICULTURAL SOCIETY.

The State Horticultual Society adjourned at Staunton last night after the most profitable session in its history. Officers were elected with G. E. Murrell, of Fontello, president, Walter Whateley, Crozet, secretary and treasurer; H. L. Price, Blacksburg, recording secretary.

Resolutions were adopted petitioning the corporation commission to amend the express rates and make the express companies publish their rates in less complex form than at present. The express companies are accused of making unscrupulous use of high rates.

In other resolutions, President Roosevelt is commended for prosecution of the trusts, and regret is expressed that the State of Virginia has taken no steps to protect its citizens from the "rapacity of the trusts," including the Pennsylvania railroad in its control of the Chesapeake and Ohio and Norfolk and Western, by raising the price of coal and restraining trade on coal; the fruit trust, express company trust, and the telephone trust

Virginia News.

Morgan N. Mauck has been appointed postmaster at Calverton, Fauquier county, vice Daniel Shumate, resigned.

At St. Paul's Church, Haymarket on Wednesday Miss Helen Joliffe was married to Carl Clarkson. The ceremony was performed by Rev. Cary Gamble, rector of the church and guardian of the bride. The bridegroom is a son of Dr. H. M. Clarkson, of Prince William county.

Arrangements have been completed by which the entire exhibit of the National Tuberculosis Association may be brought to Richmond from the Jamestown Exposition for one week, beginning December 16th, as an object lesson to those engaged in the war against the white plague.

Edwin Heck, 18 years old, who was recently arrested in Richmond for alleged assault on his cousin, Bessie Minges, 17 years old, of Hampton, was dismissed in the police court yesterday. The girl had a vile letter in her pocketbook, and it was the possession of this that caused the charge.

The big black bear which committed many depredations in the vicinity of Wardensville, near Winchester, and for which a large party had been hunting for two weeks, was killed in North Mountains Wednesday by Benjamin Tharp, a veteran hunter. The animal weighed more than 400 pounds.

Professor James B. Lovett, principal of the Shenandoah Valley Military Academy in Winchester, and a prominent Virginia educator, died Wednesday night after an illness of two weeks of plural pneumonia. Professor Lovett was 48 years old. He was a native of Fredericick county, and had been principal of the academy fifteen years.

Chairman John B. Moon, of the Virginia Debt Commission, together with Attorney-General Anderson, held a private conference yesterday with Governor Swanson relative to the Virginia-West Virginia controversy. It is understood that many persons in West Virginia are anxious to have the debt matter closed up at once, without further recourse to the courts.

TO SETTLE DEBT QUESTION.

It is said in Richmond that West Virginia and Virginia may soon effect a settlement of the debt question, which has been pending for many years. This information comes simultaneously with a conference between John B. Moon, of Albemarle, chairman of the State debt commission, and the Attorney General, with Governor Swanson.

The understanding is that there has been no official and authorized proffer of a compromise, but that there is a letter or communication of some sort which has found its way into the hands of some Virginia officials which opens up the way for an adjustment of the disputed account. Just who sent the letter is not known, and it is not positively known who received it, but when Governor Swanson was asked regarding the matter yesterday, he declined to deny that such a proposition had been heard of. He would not admit, however, that he had received it.

From what can be gathered, it is plain that the proffer comes in the shape of a feeler to see just what sentiment is in this State and to ascertain whether the people are willing to proceed to an adjudication without the decree from the Supreme Court of the United States. The sentiment favors a speedy settlement, not too exacting, but an ending of the vexatious dispute. The original debt was some $15,000,000, but interest, expenses and various charges have brought the amount up to at least twice that amount.

INTERESTING MEASURES.

Senator Daniel, of Virginia, yesterday introduced several bills of interest to the people of this city and vicinity. One introduced provided for the construction of a memorial bridge over the Potomac river from a point on or near the Naval Observatory grounds to a point on the Arlington estate, to cost not over $5,000,000.

Another bill directs that the United States Treasury pay to the Mount Vernon Association, as the assignee of the State of Virginia, $120,000, with interest at 6 per cent from the dates of the respective advances made by the State of Virginia, through President George Washington, to the United States, the money having been used for the erection of government buildings in Washington, the funds thus paid over to be used to construct a public avenue on the south side of the Potomac river from Washington to Mount Vernon.

Senator Daniel also introduced a bill providing for the improvement of the national boulevard at Fredericksburg, which is owned by the government, and another providing for the protection of all monuments now standing or hereafter to be erected on the battle fields of Bull Run, in Virginia.

A bill providing prohibition in the District of Columbia was introduced by Representative Lamb, of Virginia.

Several measures were introduced, providing for extension of the street railway tracks to Union Station in Washington.

SUICIDE OF AN ACTRESS.

While the audience was pouring into the Academy of Music, Baltimore, to see Clara Bloodgood in "The Truth," the actress blew out her brains in the fashionable Hotel Stafford, in north Charles street, last night.

The only explanation offered of the suicide is that of her manager, John Emerson, who says he believes Mrs. Bloodgood was overworked and on the verge of nervous collapse. He scouts the idea that the death Wednesday night of H O. Havemeyer, her first husband, had anything to do with it.

Late yesterday afternoon she mailed two special delivery letters, and at 6 o'clock sent off a telegram to her husband, William Lambair, of New York, which read: "Go to the Knickerbocker Trust Company, secure my contract with Shubert, and give it to Jacobs (a lawyer) on Broadway.

On the bureau in her room was found a blood-stained letter addressed to her husband.

William Lambair, Mrs. Bloodgood's husband, was giving a supper to a few friends at Sherry's in New York last night when he heard of his wife's suicide.

Another Bank Failure.

Pittsburg, Dec. 6.—The Fort Pitt National Bank failed to open its doors today and is now in the charge of Bank Examiner Cunningham. It has a capital of $1,000,000 and its deposits approximate $4,000,000. The Fort Pitt Bank's report to the Comptroller of the Currency, giving its condition December 3, showed loans and discounts of $3,761,607; capital stock $1,000,000; surplus funds $1,000,000; individual deposits subject to checks $1,937,615 and clearing house certificates received $500,000. Its resources and liabilities each totaled $5,522,142. The bank was established in 1859.

The Fort Pitt National Bank today posted the following notice: "Closed by order of the Comptroller of the Currency. J. B. Cunningham, bank examiner, in charge."

Andrew W. Herron, President of the bank, said: "The directors of the Fort Pitt Bank, the bank examiner and I myself are convinced depositors will be paid in full. This action was precipitated by certain occurrences yesterday that I will go into later, and was taken for protection of stockholders."

The directors will meet today and issue a statement.

A score of persons loitered about the bank this morning. There is no indication of runs on any other bank in the city.

Mine Explosion in West Virginia.

Fairmont, W. Va., Dec. 6 — An explosion at mines Six and Eight of the Fairmont Coal Company, at Monongah, six miles from here, is reported.

It is said a thousand men are in the two mines.

Fairmont, W. Va., Dec., 6.—A telephone message received here at 11:30 says 700 men are working in Monongah mine at Fairmont where the mine explosion occurred and that many miners have been killed. The explosion was heard for miles and all town physicians ordered to report.

Fairmont, W. Va., Dec. 6.—It is now feared 500 men were killed or wounded in the mine explosion. Three dead bodies had been taken out at noon and fans started working to clear out the foul air. General Manager Malone says it is the worst accident in the history of the mine.

The cause of the accident is not known. General Manager Malone said there were 500 men in the two mines which are connected by a shaft.

The foul air following the explosion prevents the rescuers from going in, but fans were started at noon and by 2 o'clock they will be able to give some idea of the number of dead. Experienced miners declare that it is next to impossible for any to escape death or injury.

At noon three bodies had been taken, out but so badly mutilated and burned they will never be recognized.

After counting the men that escaped the officials of the Fairmont Coal Company stated there are 400 below the surface in the two burning mines. Unless by some miracle the men in the depths have succeeded in getting into compartments guarded by safety doors all must be dead.

Attempted Murder and Suicide

Boston, Dec. 6,—Because she refused to give up dancing, pretty Delia Goorgoogin lies dangerously wounded at the Massachusetts General Hospital today, while the husband she disobeyed is dead, a suicide. Thanksgiving night Joseph Goorgoogin pleaded with Delia on the way home from a dance to give up the pleasure because it made him desperately jealous, and when she refused, waved a revolver and threatened to kill her. After that she declined to live with him. Early today Joseph called at the house where his wife was staying and begged her to come back to him. "Not unless you let me go to dances," was her reply. Joseph's answer was to rush wildly from the house and return in a few minutes with a pistol. First he fired a bullet into his wife's body, then, believing her dead, he ran into the house of a friend next door where he blew out his own brains.

To Send Troops to Goldfield.

San Francisco, Dec. 6.—It was learned today that the military operations in the coming Goldfield campaign will be on a large scale than was at first supposed. General Funston considers the situation sufficiently serious to justify sending a large force of troops. It is believed that at least 600 to 800 men are being dispatched under rush orders to Goldfield. The first detachment departed from the Presidio this morning. In spite of these warlike preparations no word from Goldfield last night or early today indicated that any trouble had broken out. One dispatch received here says the miners have been arming for sometime and that there are 500 rifles in the union headquarters there, but this story is unconfirmed.

Rumored Plot to Assassinate.

Vienna, Dec. 6.—Four anarchists are reported on their way here from Geneva to assassinate Emperor Francis Joseph and his heir, Archduke Francis Ferdinand. The latter is in Hungary. The police deny knowledge of the plot, but are known to have received a warning from Geneva to be on the lookout and to have notified authorities at Budapesth to be on their guard.

Budapesth, Dec. 6.—Four anarchists are reported here to have been arrested in Vienna on suspicion of complicity in the rumored plot to kill the emperor and heir-apparant. The Austrian ambassador at Constantinople is said to have given warning.

Fire completely destroyed the plant of the Thompson Adams Leather Company at Philadelphia today. The loss is estimated at $50,000.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by all druggists, fifty cents.

National Republican Committee.

Washington, D. C., Dec. 6 —At the opening session of the national republican committee held at the Shoreham immediately after the calling of the roll Senator Crane, of Massachusetts, nominated Harry S. New, of Indiana, as chairman.

"In view of his excellent services as acting chairman, he is entitled to the honor, and will be given it," said the Senator.

Cecil Lyon, of Texas, formally seconded the nomination. There was not a dissenting voice.

Senators Crane and Ankeny escorted Mr New to the platform.

His acceptance was brief but most cordial. "It shall be my aim to have a fair, impartial and model convention," he said after thanking the members. He said he was greatly indebted for the honor "but," he added, "I could not have accepted the chairmanship unless it had been the unanimous choice of the convention."

The election of Mr. New was claimed as a Taft victory.

If Chicago wins the convention the anti-Taft people will throw their hats in the air and claim a tally. All the anti Roosevelt, pro-Foraker, pro-Knox and pro-Cannon people seem to have centered their energies on beating Kansas City.

At today's meeting the national committee will fix upon the call for the national convention and tomorrow will vote upon the place.

A sub-committee, consisting of Messrs. Yerkes, Streeter, and Kellogg, was appointed to draw up the call for the national convention and other sub-committees were appointed.

Every one of the members was present or represented by proxy. Recess was taken till 2 p. m. when the committee took carriages for the White House to call on the President.

The total loss is estimated at $25,000. Some of the historical objects stolen were priceless. Mrs Beatty discovered the burglary after a big dinner party, at which she wore the family jewels.

Mrs. Vanderbilt entered a plea of not guilty until the case is called.

New York Stock Market.

New York, Dec. 6. 11 a. m.—Price movements all through the first hour were far narrower than those in the same period yesterday and the changes were irregular, being about evenly divided between fractional gains and losses as compared with yesterday's close

After the first hour a generally strong tone developed in the majority of the stocks that have been active in recent trading and it was an open secret that bull manipulation was the chief factor in the market movements today and for some days past.

SCHOOL BOARD.

At the monthly meeting of the City School Board held last night there were present Capt. Herbert Bryant, chairman and Messrs. Stabler, Yates, Ramsay, Thomson, Boothe and Carter. Several bills for supplies and repairs were ordered to be paid.

The Clerk stated that the superintendent was confined to his home by sickness but had requested him to report that he had visited all the schools during the past month and that they were all doing well.

The Christmas holidays were fixed from Friday evening, December 20th, to Thursday morning, January 2nd, the board deeming it inexpedient to open the schools on Monday December 23rd.

The morning session of the colored schools was changed so as to open at 9:30 and close at 12:30 o'clock.

Mr. Stabler from the special committee on the school exhibits at the Jamestown Exposition reported that of the $100 appropriated by the City Council for that purpose $88 43 had so far been expended and that the expense of the return of the exhibit to this city would come within the appropriation.

Mr. Yates reported that last week the State Educational Convention met in Roanoke and that three of the Alexandria teachers attended the convention, Miss Summers, Miss King and Mrs. Kelly. He thought that their action in the matter should be commended by the board.

The board then adjourned.

DIED FROM HER WOUND.

Mrs. Annie Moore, who was shot by William White at her home, 476 M street southwest Washington, yesterday morning, died at the Emergency Hospital last night at 6 o'clock. White, after shooting the woman, fired a bullet into his own head, and his recovery is doubtful. White is said to have been infatuated with Mrs. Moore, and when he called yesterday, it is believed Mrs. Moore ordered him to cease his visits. Angry at this, he drew a revolver and fired. White was formerly employed at the quarantine station, and while making his rounds every day he became acquainted with Mrs. Moore who, with her two children, had been quarantined. It was not until the Moore family left the station that Mrs. White experienced any trouble with her husband. She learned of the infatuation, and tried to stop her husband from visiting Mrs. Moore, but without success. Mrs. White says she believes her husband was mentally unbalanced at the time of the shooting. She said that when he was a boy he received an injury upon his head, and had acted queerly several times since. White was at one time employed by the Southern Railway as a car repairer. He is 50 years old and is the father of six children. Mrs. Moore was 33 years old. She was the wife of Mr. Walter J. Moore, of this city. The deceased was a Miss Smoot. She was a native of Maryland, and lived in Alexandria several years after she married Mr. Moore.

THE WASHINGTON CLAIM.

Senator Martin yesterday introduced a bill to reimburse the estate of Gen. George Washington for certain lands of his in the State of Ohio lost by conflicting grants made under the authority of the United States. It was referred, with accompanying papers, to the committee on claims.

The bill provides that the Secretary of the Treasury be directed to pay Col. Robert E Lee, jr., of Virginia, administrator de bonis non with the will annexed of General Washington, the sum of $305,100 in full compensation to the Washington estate for the loss of his 8,100 acres of land warrants and the grants made thereunder and for all claims of the estate against the United States on account of land warrants or grants held by him upon warrants locatable northwest of the Ohio river.

Mr. Flood introduced a similar bill in the House. The grant of land named in the claim represents the present site of the city of Cincinnati and also the site of the town of Point Pleasant, W. Va., at the mouth of the Kanawha river.

FORT HUNT PIER.

The new pier at Fort Hunt has been completed and the quartermaster's department tug Lieut. Alonzo Cushing is making landings at it on her trips to and from Washington. The new pier is about a quarter of a mile above the old one at Fort Hunt, and is also directly across the river from the pier at Fort Washington. The new pier is not as long as the old one. The old pier extended to the deep water of the channel across the Potomac flats, but in the construction of the new pier the deep water was brought to a shorter structure by dredging out a basin. It is understood that the old pier will be abandoned, but rivermen say it will be a serious menace to navigation unless a light is kept on it at night.

FINED FIVE DOLLARS.

Harry Clark was before Justice Payne at New Alexandria yesterday charged with disorderly conduct and abusive language on a south bound electric car late last Saturday night. The accused was fined $5 and costs. Justice Payne issued the warrant and served the same.

Justice Heistand yesterday deputized Justice Payne to serve a warrant on Wat. Shelton, colored, charged with stealing corn at Stoneleigh. The accused was taken before the magistrate, when he gave bond for his appearance next Friday.

BAZAAR.

The Girls' Friendly Society of Grace Church will hold a bazaar in Lee Camp Hall tonight. There will be plenty of ice cream, cake, candy and hot coffee. The fancy table will be especially attractive, including in its display dressed dolls, a silver bread tray, a lamp, and many other things too numerous to mention. A "Cabbage Patch" will be enjoyed by the young people.

The weather was cold again last night, the mercury this morning standing at 20°. Some ice formed in the docks and on the flats during the night.

THE W., A. & F. C. RY. CASES.

Hon. Edward Waddill, jr., United States judge, was engaged the greater part of Thursday with matters connected with the receivership of the Washington, Arlington and Falls Church Railway Company. One of the matters brought to his special attention was the pending of some forty or fifty suits in the Circuit Court of Alexandria county growing out of the accident on July 30 last, these suits aggregating in damages claimed to the amount of $425,000.00. Receivers Park Agnew and Charles Hine presented their report showing that a compromise had been effected with practically all of the plaintiffs in the suits mentioned, and recommended that in behalf of the Washington and Falls Church Railway Company they be authorized to instruct the attorneys for the receivers to permit judgments to be entered in the Circuit Court of Alexandria county for the amounts agreed upon by the parties against the company. Judge Waddill entered an order on this report confirming the recommendation of the receivers and granting the authority asked for as to the entry of the judgments, but expressly providing in the decree that no judgments permitted by the receivers to be entered shall constitute preferences on the property, or revenues of the company, or affect the status of the liens now existing on the property and franchises of the company, but that the judgments shall only have the same effect and status as if they had been recovered against the company after full trial before the Circuit Court of Alexandria county.

The counsel present besides the receivers and others parties interested were Messrs. Walton Moore, John S. Barbour and Judge Nicol.

Judge Waddill also entered a final decree in the equity course of the Computing Scale Company, complainant, vs. James Kincheloe and H. Ashby Thompson, co-partners, doing business under the firm name and style of Kincheloe and Company, defendants.

GREAT INTEREST IN MEETING

The interest in the services being conducted in the Second Presbyterian Church grows every day. Yesterday morning a much larger number were present at the Bible study hour. Last night the auditorium was filled and many occupied seats in the gallery. The deep and earnest attention to songs and sermon showed the presence of a mysterious power moving upon the hearers when this power manifested itself in the public dedication of a young business man to a more completely surrendered life, the entire audience felt the presence of the Holy Spirit. Then in a silence profound the sacrifice was laid upon the altar, in prayer, and the people were dismissed.

This morning Dr. Flinn told of the great revival which is sweeping over Korea and the East, pointing out the things which led up to it, and applying them to local conditions.

At noon a prayer service was held at the Old Dominion Glass Works led by Mr. Tom Harrison, the railroad engineer, who is to speak Sunday afternoon to the men. Mr. Dailey sang a tenor solo at this service.

Monday meetings will be held simultaneously in every factory and shop in the city which is open for such a service.

Tonight Mr. Dailey will lead the singing, and will have the congregation again sing "The Hero of the Cross." The movement and meaning of this song is taking hold of the city. The quartet will sing and Dr. Flinn will preach.

There will be services Saturday morning at 10:30 for children, and Saturday night at 7:30.

MASS MEETING FOR MEN.

Sunday afternoon at 3:30 Mr. Tom Harrison, a converted railroad engineer and member of the Brotherhood of Locomotive Engineers, will speak to the men who come to the mass meeting at the Second Presbyterian Church. He will tell of the power which saved him from a life of immorality and profanity, and which now keeps him from falling. Because of the interest in the meetings going on in this church, and this service in particular the Men's Meeting at M. E. Church South will be dispensed with for this one Sunday afternoon. The Dailey Quartet will render several selections. Five hundred men can find seats for this service. These meetings are reaching the men of our city.

SPECIAL SERVICE FOR CHILDREN.

Saturday morning at 10:30 Dr. Flinn will address his remarks at the Bible study hour at the Second Presbyterian Church especially to children. All are invited, but young people are especially concerned. Five hundred children will have a chance to hear the Daileys sing and Dr. Flinn preach. Parents will do well to see that their children attend this service.

JUNIOR ORDER OF MECHANICS.

James W. Jackson Council No 55, Jr. O U A. M., held an interesting meeting last night which was well attended. The degree team of the council will go to Occoquan on Saturday night and initiate a class of candidates for the council at that place. The council will give their annual dance at Odd Fellows' Hall on Monday night next. Two hundred invitations have been issued. Prof. Padgett's full orchestra will render music on the occasion.

THE OLD DAIRY HOMESTEAD.

This beautiful story of rural life will be presented in Lyceum Hall on Tuesday night, Dec. 10, by the well-known and popular Lyceum Dramatic Club. For this occasion, two singers of ability have been engaged to render the latest popular songs. A pleasant evening is promised to every one, old and young.

SKATING TOURNAMENT.

There was a large attendance at the skating tournament at Armory Hall last night. The first prize was won by Miss Elsie German and the second by Miss Nellie Baker.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Hapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at all drug stores.

Prospects for American Cardinal.

Rome, Dec. 6.—The United States would have a new cardinal this month, but that the Pope fears the country's atmosphere has fairly saturated many of Americans prelates with the idea of modernism.

For the assertion that such an apprehension exists a diplomat at the Vatican court—a man in close touch with Papal Secretary of State Cardinal Merry Del Val—is authority.

"His Holiness is anxious to show his affection for the American Catholics," this authority continues, "but though he is convinced that Archbishops Farley, Quigley and Ireland are exemplary and orthodox clergymen, he feels that the atmosphere in which they live may have its effect, despite their inclinations."

"Nor has it been forgotten that Cardinal Gibbons and other church dignitaries participated in a religious gathering in Chicago in 1893 at which other religious bodies were represented. There are those at the Vatican who think the Cardinal fraternized too freely with leaders in these other denominations.

"I am assured, too, that when an American cardinal is finally selected he will not be one of the candidates whose names have been most prominently mentioned among the candidates, but Archbishop Riordan, of San Francisco."

A Home Made Happy By Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by W. F. Creighton & Co. and Richard Gibson.

Condemned Woman Ill.

Monte Carlo, Dec. 6.—Mrs. Doc Goold sentenced Wedday to the guilotine for participation with her husband, who escaped with life imprisonment, in the murder of Mrs. Emma Levin to rob the latter of her jewels, is so ill from the shock of her trial that physicians say she will probably not recover. There is no doubt that, if she lives, her sentence will be commuted by the prince to the same penalty as was imposed on her husband. The Riveria authorities are urging that this be done as quickly as possible, as they say even the present situation threatens to make the resort unpopular with tourists and damage the season's business.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritible wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing was lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great Medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by all druggists. 50c, and $1.00 Trial bottle free.

Honors to Jews.

Berlin, Dec. 6.—To signify his disapproval of anti-semitic movement so prevalent throughout Germany the Kaiser has conferred the Exalted Order of the Red Eagle on four well-known Jews.

The Reichstag passed the vote of confidence in the chancellor shortly after the opening of today's session. The effect of the controversy has been to strengthen Von Buelow's position.

In addressing the Reichstag today the chancellor declared that he wishes the government's supporters to co-operate in a policy of imperialism combined with "moderate domestic reform."

About Digestion.

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, incressed strength and weight, greater endurance and a clear head. Price 25 cents. Samples free. For sale by Richard Gibson and W. F. Creighton & Co.

Admittance Refused.

Wilkes-Barre, Pa., Dec. 6.—Owing to their color, which is almost as dark as that of negroes, two boys from Ecuador, have been refused admission to Hillman Academy, a preparatory school of this city, where they were sent to prepare for college. They are Juan and Mateo Costa and their father is a prosperous merchant of Guayaquil. The boys were sent here because their father knows Professor Hobert L. Litch, of the faculty. When they arrived and it was seen how dark they are it was decided to refuse them admission.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and and chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine closet among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.
